MEDICAL.

Entered according to Act of Congress, in the year 1851, by
J. S. HOUGHTON, M. D., in the Clerk's Office of the
Listrict Court for the Eastern District of Pennsylvania.
REAT CURE FOR DYSPEPSIA!—ANOTHER SCIEN-DR. J. S. HOUGHTON'S

THE TRUE DIGESTIVE FLUID, OR GASTRIC JUICE. PREPARED from Rennet, or the Fourth Stomach of the Ox, after the directions of Baron Liebig, the great Physiclogical Chemist, by J. S. Houghton, M. D., Philadelphia,

This is a truly wonderful remedy for Indigestion, Dyspep-sia, Jaundice, Liver Complaint, Consumption and Debility, curing after Nature's own method, by Nature's own Agent, the Gastric Juice.

Ifalf a tea-spoonful of Pepsin, infused in water, will digest or dissolve five pounds of roast beef in about two hours, out

Pepsin is the chief element or digesting principle of the Gastric Juice—the solvent of the food, the purifying, preserving and stimulating agent of the stomach and intestines. It is extracted from the digestive stomach of the Ox, thus forming an artificial digestive fluid precisely like the natural Gastric Juice in its chemical powers, and furnishing a complete and perfect substitute for it. By the aid of this prepapite and perfect substitute for it. plete and perfect substitute for it. By the aid of this preparation, the pains and evils of Indigestion and Dyspepsia are removed just as they would be by a healthy stomach. It is doing wonders for dyspepties, during cases of Debility, Emaciation, Nervous Dechne and Dyspeptic Consumption, supposed to be on the verge of the grave. The scientific evidence upon which it is based is in the highest degree curious

scientific Evidence.—Baron Liebig, in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, analogous to the Gastric Juice, may be prepared from the mucous membrane of the stonach of the Ox, in which the mucous membrane of the stonach of the Ox, in which various articles of food, as meat and eggs, will be softened changed and digested, just in the same manner as they would

Dr. Preira, in his famous treatise on "Food and Diet," published by Fowler & Wells, New York, page 25, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Priera. Dr. Combe, in his valuable writings on the "Physiology of Digestion," observes that "a diminution of the due quan tity of the Gastric Juice is a prominent and all-prevailing cause of Dyspepsia:" and he states that "a distinguished professor of medicine in London, who was severely afflicted with this complaint, finding every thing else to fail, his succourse to the Gastric Juice, obtained from the stoma-el pu living animals, which proved completely successful."

Dr. Graham, author of the famous works on "Vegetable Dir. Graham, author of the lamous works on "Vegetable Diet," says: "It is a remarkable fact in Physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in no wise dif-

ferent from the natural digestive process."

Dr. Simon's great work, the "Chemistry of Man," (Lee & Blanchard, Philadelphia, 1846, pp. 321-2,) says: "The discovery of Pepsin forms a new era in the chemical history of digestion. From recent experiments we know that food is dissolved as rapidly in an artificial digestive fluid, prepared from Pepsin, as it is in the natural Gastric Juice itself."

Professor Dunglison, of the Jefferson College, Philadelphia, in his great work on Human Physiology, devotes more than fifty pages to an examination of this subject. His experiments with Dr. Beaumont, on the Gastric Juice obtained

from the living human stomach, and from animals, are well known. "In all cases," he says, "digestion occurred as perfeetly in the artificial as in the natural digestion," Dr. John W. Draper, Professor of Chemistry in the College of the University of New York, in his "Text Book of Chemistry," page 386, says: "It has been a question whether artificial digestion could be performed—but it is now univer-sally admitted that it may be."

Dr. Carpenter's standard work on Physiology, which is in the library of every physician, and is used as a text-book in all the colleges, is full of evidence similar to the above, respecting the remarkable digestive power of Pepsin, and the fact that it may be readily separated from the stomach of the calf or ox, and used for experiments in artificial digestion, or as a remedy for diseases of the stomach, and deficient secretion of the Gastrie Juice.

All modern works on Chemistry, Materia Medica and Physiology, and all good Medical Dictionaries, describe the char-

acter and properties of Pepsin, and state many interesting The fact that an Artificial Digestive Fluid, or Gastric Juice, perfectly resembling the natural fluid, may be readily prepared, does not admit of question. The only wonder is, that it has not before been applied to the cure of Indigestion and

Dyspepsia—so naturally does such a use suggest itself to the \*As a Dyspepsia Curer, Dr. Houghton's Pepsin has produced the most marvellous effects, in cases of Debility Emaciation, Nervous Decline, and Dyspeptic Consumption It is impossible to give the details of cases in the limits of this advertisement, but authenticated certificates have been given of more than two hundred remarkable cures, in Philadelphia, New York and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and won-

derful, but permanent. It is a great nervous antidote, and particularly useful for endency to Bilious Disorder, Liver Complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinine and Mercury and other drugs upon the digestive organs, after a long sickness. Also, for excess in eating, and the too free use of ardent spirits. It almost reconciles health with intemperance.

Old Stomach Complaints. - There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad it may be, it gives instant relief! A single dose removes all the unpleasant symptoms; and it only needs to be repeated for a short time to make these good effects permanent. Purity of blood and vigor of body follow at once. It is particularly excellent in cases of Nausea, Vomiting, Cramps, Soreness of the Pit of the Stomach, Distress after Eating, Low, Cold State of the Blood, Heaviness, Lowness of Spirits, Despondency, Ema-ciation, Weakness, Tendency to Insanity, Suicide, &c.

Dr. Houghton's Pepsin is sold by nearly all the dealers in fine drugs and popular medicines throughout the United States. It is prepared in powder and in fluid form, and in prescription vials for the use of physicians. Private Circulars for the use of physicians, may be obtained of Dr. J. S. Houghton, or his agents, describing

the whole process of preparation, and giving the authorities upon which the claims of this new remedy are based. As it is not a secret remedy, no objection can be raised against its use by physicians in respectable standing and regular prac-Price ONE DOLLAR per Bottle. Pepsin in Powder sent by mail free of postage. - For convenience of sending to all parts of the country, the Digestive Matter of Pepsin is put up in the form of Powder, with directions to be dissolved in water by the patient. These Powders contain just the same matter as the Bottles, and

MEDICAL.

AFFLICTED READ! DHHADELPHIA MEDICAL HOUSE.—Established 15 years ago by DR. KINKELIN. The oldest, surest and best hand to cure all forms of secret diseases of the skin, and solitary habits of youth, is DR. KINKELIN, N. W. cor

ner of Third and Union streets, between Spruce and Pine, one and a half squares from the Exchange, Philadelphia.

Take Particular Notice.—There is a habit which boys teach each other at the academy or college—a habit in-dulged in when by themselves, in solitude, growing up with the boy to manhood, and which, if not abandoned in due time, not only begets serious obstacles to matrimonial happiness, but gives rise to a series of protracted, insidious and devastating affections. Few of those who include in this pernicious practice are aware of the consequences, until they ind the nervous system is shattered, feel strange and un-accountable feelings, vague fears in the mind. The individ-ual becomes feeble, he is unable to labor with accustomed vigor, or to apply his mind to study; his step is tardy and weak, he is dull and irresolute, the countenance is downcast, the eyes without natural lustre, shamefacedness is apparent.

These are symptoms which should awaker the attention of these similarly officed.

If the victim be conscious of the cause of his decay, as

having relinquished the odious practice, he suffers under those terrible nocturnal emissions, which weaken and shame him, producing mental and physical prostration. If he emancipate himself before the practice has done its worst, and enter matrimony, his marriage is unfruitful, and his senses tell him that this is caused by his early follies.

Too many think they will hug the secret to their own hearts, and cure themselves. Alasi how often is this a fatal delusion, and how many a promising youth, who might have been an ornament to society, has faded from the earth! Young Men!—Let no false modesty deter you from making your case known to one who, from education and respectibility, can alone befriend you. He who places himself under DR. KINKELIN'S treatment, may religiously confide his honor as a gentleman, and in whose boson will be orever locked the secret of the patient.

Country Invalids.—Finding it inconvenient to make personal application, can, by stating their case explicitly, together with all their symptoms, (per letter post paid,) have forwarded to them a chest containing Dr. K.'s medicines.

Their power over the above diseases is not excelled, if equaled, by any other preparation in the United States, as the cures affect, in many cases after skillful physicians had

These Bitters are worthy the attention of invalids, pos-sessing great virtues in the rectification of diseases of the liver and lesser glands, exercising the most searching pow-ers in weakness and affections of the digestive organs, they are, withal, safe, certain and pleasant.

READ AND BE CONVINCED.

From the "Boston Bee," The editor said, Dec. 22d: Dr. Hoofland's Celebrated German Bitters, for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of liver complaint from the use of this remedy. We are convinced that, in the use of these bitters, the patient constantly gains strength and vigor - a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience, and to the afflicted we advise their use.

"Scott's Weekly," one of the best literary papers pub ished, said, Aug. 29th: "Dr. Hoofland's German Bitters manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in cases of Female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitution will find these bitters advantageous to their health, as we know from experience the salutary effect they have on weak

More Evidence. The Hon. C. D. Hineline, Mayor of the city of Camden, N. J., says: "Hoostann's German Birreas.—We have seen many flat-tering notices of this medicine, and the source from which tering notices of this medicine, and the source from which
they came induced us to make inquiry respecting its merits.
From inquiry we were persuaded to use it, and must say
that we found it specific in its action upon diseases of the
liver and digestive organs, and the influence it exerts upon
nervous prostration is really surprising. It calms and
strengthens the nerves, making sleep refreshing.

"If this medicine was more generally used, we are satisfied there would be less sickness, as from this stomach, liver and nervous system the great majority of real and imaginary diseases emanate. Have them in a healthy condition,

and you can bid defiance to epidemies generally. This extraordinary medicine we would advise our friends who are at all indisposed, to give a trial: it will recommend itself. It should, in fact, be in every family. No other medicine can produce such evidences of merit." Evidence upon evidence has been received (like the fore going,) from all sections of the Union, the last three years, and the stongest testimony in its favor, is, that there is more of it used in the practice of the regular physicians of Phila delphia, than all other nostrums combined—a fact that can easily be established, and fully proving that a scientific prep-

aration will meet with their quiet approval when presedent even in this form. That this medicine will care liver complaint and dyspep sia, no one can doubt after using it as directed. It acts spe cifically upon the stomach and liver: it is preferable to calo mel in all bilious diseases; the effect is immediate. They can be administered to female or infant with safety and reliable

> Louisville, Ky. DR. ARNOLD'S UNION PILLS. GREEN HILL, Tenn., January 19, 1852.

SUTCLIFFE, Mcallister & Co.,

DR. ARNOLD-DEAR SIR-I consider it but an act of justice to yourself and the community, to state to you the very great benefit I have received from the use of your Union Fills. Having been for quita a number of years, greatly troubled with dispepsia, and constitution of the bowels; at times alarming me greatly, I used every other remedy, almost that I ever read or head of for the disease, all without the least beneficial effect. I had almost come to the belief, that it was useless to try any more; as I labored under great debility, and my stomach was greatly injured by taking the different Fills, medicine, &c.; but on hearing my neighbors speak so frequently of the beneficial effects of your Union Pills, I concluded to give them a trial, and bought a fifly cents vial, and commenced their use. From the first dose of one Pill I was satisfied it was the medicine for me. I have not yet used quite one vial, and can now say to you with the utmost pleasure, that I have not for the last ten years felt as well, or enjoyed such good health, as I have since commencing the use of your Pills. I would take no sum for the good these Pills have done me, and almost every branch of my family have used them with the same happy effect. At times some of the negroes have had symptoms of fever—at the first complaint I have given them one of two Pills, and never had to repeat the dose but once, which effected a cure. Your other medicines used by my family, have had the most happy effect. I shall always keep a sup-ply of your Pills on hand, and I think that no one, laboring as I have under great debility and dyspepsia, with all thei evil consequences, but what would, after a use of your medidines, join me in saying the same of them.

NASSYILLE, May 1, 1851. To the Editors of the Nashville Union: Gentlemen,-By publishing the following you will much oblige me and confet a favor on suffering humanity. It is but justice to the public that virtues of Mitchell's Indian Rheumanic Extract should be made familiarly known to every one, and particularly to those afflicted with that painful disease called kheumatism. I have been suffering with that disease for the last two years. I have applied to numerous physicians, also tried various remedies, recommended to cure it, but only found temporary relief and almost in despair of ever getting entirely cured; but hearing of Mitchell's Indian Ehenmatic Extract, for sometime, I was not willing to try it, as I have spent so much money, and all to no purpose; but noticing a card in your paper of Dr. Mitchell's arrival here, I sent for him, when he called on me and assured me he would effect a cure; also satisfied me by certificates from highly respectable persons in Louisville, some of whom are personally known to me, that got well by the use of his Extract, which induced me to give it a trial; and I take pleasure in stating, that after the use of two bottles I am entirely relieved. Telieving it a duty incumbent upon me to recommend in the strongest terms a medicine which I believe has no equal in the cure of this distressing disease.

D. McINTOSH. Yours, respectfully, D. McINTOSH.

ANOTHER IMPORTANT CURE MITCHELL'S INDIANEATRAC.
EDGEFFELD, (near Nashville,) May 9, 1851.

Dr. J. Mitchell: Dear Sir,-I take pleasure in stating to you, and for the benefit of the public, that my brother, (a lad of fifteen years,) who has been afflicted with the Rhenmatism, for some time, in one of his knees and back, and having tried various remedies, all of which had heretofore proved useless, I was almost in despair that he ever would be anything but a cripple for the rest of his life, as the leaders of his knee were drawn. But hearing that Mr. McIntosh, an old resident of Nashville, had been cured by the use of your Extract, induced me to try it for my brother, and to my great astonishment, by the use of one bottle he has regained the use of his limbs, and is entirely free of all pain. I, therefore, feel in duty bound, after having tested a medicine which must be of so much use to those afflicted with this painful disease, to, unsolicited, publicly recommend it as a cer-

DAVIDSON COUNTY, Tenn., July 5, 1851. Dr. J. Mitchell: Dear Sir,-I feel it my duty to acknowlsdge to the afflicted, the benefit I have received from your Indian Rheumatic Extracts. I have been suffering with Rheumatism in my hips for some time. I was under the treatment of a physician considered a good one, who told me that he could not effect a cure on me. Hearing of your Extract effecting so many cures in the city of Nashville, induced me to try it; and I take pleasure in stating that the use of one bottle of your Extract has given me great relief. I consider it a very valuable remedy for what it is recommended, particularly for Rheumatism. D BRINKLEY. Yours, respectfully,

NASHVILLE, Tenn., July 31, 1851. To the Editors of the Union: Deeming it my duty to the public and especially to those afflicted with Rheumatism, that have been relieved by Mitchell's Indian Rheumatic Extract. I have been afflicted for a number of years, and applied to a number of physicians for relief, but in vain. I also tried different remedies recommended for Rheumatism, but found them all to be humbugs. Hearing of Dr. Mitchell's Indian Rheumatic Extract, I called on the Doctor, and he assured me I could be cured. Having spent so much money and found no relief, I concluded to be humbugged no more. I told the Doctor I would give him a certain sum if he would effect a cure. The Doctor took my case and furnished nee with medicines: I followed his directions; and I am now happy to state, after the use of two hottles of his extract, and two of his blood purifying remedy, I am entirely relieved. As an act of justice to Dr. Mitchell, I take this method of re-

commending it to those who are similarly afflicted, as a certain remedy for Rheumatism. JO. L. RYAN. Yours, respectfully,

August 4. LINCOLN COUNTY, Tenn., May 2, 1852. To all afflicted with Rheumatism, the most painful and annoying of diseases in the whole catalogue of human suffering, I would say, apply to Dr. Mitchell, or his Agents, for some of his invaluable Indian Rheumatic Extract; and I venture to assert you will not be humbugged but find relief from your sufferings. There is a great aversion to Patent Medicines by the public generally, as they have been so of-ten deceived; but this invaluable remedy is worthy a trial. and has, so far, proved effectual whenever tried, I will give a brief statement of my case, that those who have been

long afflicted may not yet despond while Dr. Mitchell sur-Having been afflicted with the worst of maladies for more than six years, being confined to my room a great portion of the time, and unable to lie by day or night-my joints stiff fened, my muscles partially ossified, and so much emacated as to seem more like an inhabitant of another world than this. Having tried every Physician of any rote of whom I could hear, all proved unsuccessful. I had entirely despaired of recovery, expecting to spend (not enjoy) the life of the invalid, when I chanced to see an account of the wonderful cures effected by Dr. Mitchell's Indian Rheumatic Extract, I resolved to give it a fair trial, as I had all other Fly-sicians who tried my case, notwithstanding it was a patent medicine, in which I could exercise no very strong faith; when to my great surprise and satisfaction, before using it more than the about some of course in the strong faith. when to my great surprise and satisfaction, become using a more than the short space of one month, it has been so far arrested in its ravages upon my system that I can almost ven-ture to assert, though of long standing, that it is entirely ex-pelled from its strong hold, though apparently so well forti-fied.
